## Getting Started

Type <http://patient.labcorp.com> into your Internet browser. Make sure you enter <http://> in the URL. (You may also want to bookmark this site in your favorites.)

## Step 1: Sign up

1. Click [Sign up. It's free!](#) on the LabCorp Beacon: Patient home page.

2. Create a new account by selecting [Create a new account for myself](#) from the drop-down menu.

For secure delivery and storage of your information, LabCorp Beacon: Patient connects with Microsoft® HealthVault™. Click [Next](#) to proceed with the registration process.

3. Sign in to Microsoft® HealthVault™. If you have a Microsoft account, sign in with your user name and password. Note: "Microsoft account" is the new name for what used to be called a "Windows Live ID." It is the combination of an e-mail address and password that you use to sign in to services like Hotmail, Messenger, and Xbox LIVE. If you do not have a Microsoft account, click on [Sign up now](#).

4. Complete the information requested. This e-mail and password will become a **Windows Live ID** that you will use to sign in to HealthVault.

Enter the characters you see at the bottom of the screen. You can request new characters if needed. When done, click [I Accept](#).
